

# AIT Conference 2026:

Madrid, Spain: 22<sup>nd</sup> to 24<sup>th</sup> September 2026

## SPONSORSHIP OPPORTUNITIES

Madrid in Spain

The Association of Inhalation Toxicologists (AIT) conference will take place on **22<sup>nd</sup> to 24<sup>th</sup> September 2026** in Madrid, Spain.

On **Monday 21<sup>st</sup> September 2026** there will be an opportunity to visit the Vivotecnia site in Madrid, Spain (final details are being confirmed).

## Conference Summary

Attending this conference will commence/renew AIT membership for the next 3 years and allow free access during membership to the secure members area of the AIT website to view the PDF presentations held there from the previous year that the AIT is allowed to share.

Exciting Scientific Agenda Topics are in Planning (subject to change): For example:

- A session focussed on follow-up to the recent Reagan-Udall Foundation for the FDA meeting ([Link](#))
- Inhalation *in-vivo* and *in-vitro* topics
- Idiopathic pulmonary fibrosis (IPF)
- NAMs
- Aerosol atmospheres and optimisation of lung delivery
- Airway models
- Animal models
- Transgenic mouse studies
- Inhalation pathology
- Round table discussions
- Student research presentations
- And others still in planning.

Our hope is to draw in circa 80-140 delegates, all key members in the field of inhalation toxicology and safety sciences.

The AIT has received extremely positive feedback from many of you who supported last year's conference. For those of you who are considering attendance for the first time, this could be the perfect platform for you to meet key people in the inhalation toxicology industry, giving you the opportunity to network or market your business face to face.

**Promotional opportunities, sponsorship and gift ideas are on the following pages.**
