

## REGISTRATION OPENS SOON: AIT Spring Conference 2023

### *“Spring is in the Air – Advancing Inhalation Toxicology”*

The Association of Inhalation Toxicologists (AIT) conference will take place on **Wednesday 3<sup>rd</sup> to Friday 5<sup>th</sup> May 2023 at the AstraZeneca conference facility in Gothenburg, Sweden** (the AIT’s first in person conference since 2019).

**Attending this conference will commence/renew your AIT membership for the next 3 years and allow free access during your membership to the secure members area of the AIT website to view all of the recorded webinars and PDF presentations held there from previous years (since 2014).**

The 2023 scientific agenda will include in-vitro exposure systems, the intranasal dosing route, anatomical and physiological parameters for the respiratory tract across life stages, inhaled cannabinoids and general updates inclusive of primate inhalation methods. There are also presentations being planned from AstraZeneca staff on inhalation and innovations (to be confirmed).

Conference venue, AstraZeneca Gothenburg, Sweden

Conference hotel, Gothia Towers Hotel, Sweden

Further information will be available shortly and via the AIT website <http://www.aitoxicology.org> or LinkedIn page <https://www.linkedin.com/groups/13654177/>

### **Call for Posters:**

All scientific topics relating to inhalation toxicology are welcome. If you are interested, please contact the AIT at [aitoxicology@gmail.com](mailto:aitoxicology@gmail.com). **You will need to register and pay as a delegate if you plan to attend with your poster (the delegate fees are detailed later).**

### **Trade Exhibition:**

To ensure maximum contact with delegates, the number of exhibitors will be capped at **10** and sold on a first come, first served basis (place confirmed following payment). We are anticipating delegate numbers in the range of 60-100 (this is our first in-person conference following the Covid pandemic and we are very excited to be back). Further information and booking forms are available from the AIT at [aitoxicology@gmail.com](mailto:aitoxicology@gmail.com).
